"I always receive very **friendly, professional service** from the **whole team** at **PRESTON's**. On this occasion I **booked** the vehicle in for a **routine service** and some **additional work** highlighted at the last **MOT test**. I was kept fully **informed** of progress with the work and the additional need for replacement **brake pads** on all four **wheels**. **Excellent service**. Thanks."

"Very **efficient and friendly**. Gave me a **lift** to the train station. **Called as promised** to tell me **service** was completed (at other places I have had to chase a progress report). Wish I had found this **garage** when I first got my Skoda."
